

POSTDOCTORAL RESEARCH FELLOWSHIPS - 2016

The Scientific Computing Research Unit (SCRU) invites highly motivated individuals to apply for Postdoctoral Research Fellowships.

Scope of research:

The successful applicants may select from one of the following research areas:

- Enzyme Reaction Dynamics as applied to Glycobiology
- Bioinformatics Applications in Glycobiology
- Informatics Code Development as Applied to the Life Sciences
- Systems Biology of Cancer

Academic Conditions:

Applicants must have:

- a PhD degree (achieved within 2 years of this application) in an area of Scientific Computing, Bioinformatics or Structural Biology.

The following would be advantageous:

- undergraduate training in Chemistry/Biochemistry/Bioinformatics/Computer Science with significant exposure to Physics/Computer Science/ Applied Mathematics/Statistics;
- excellent programming skills in Python and Fortran 90/C++ (with CUDA and/or OpenCL),
- experience in Software design and
- evidence of a publication record

General Conditions:

- applicants may not have held any prior professional or academic posts;
- successful applicants will be required to comply with the university's policies and practices for the postdoctoral sector;
- the fellowships do not include any benefits or allowances, and
- the successful candidate will be required to register as a Postdoctoral Research Fellow at UCT in **January 2016**

Value and tenure:

The fellowship is valued at R200 000 per annum. The fellowship may be renewed for a second year depending on satisfactory progress and mutual agreement.

Applications:

Must be made online at: <http://www.scientificcomputing.com>

The following documents are required:

- a letter of application in which the candidate's research interests are outlined;
- a Curriculum Vitae, including a list of publications;
- certified copies of all academic transcripts (no certificates); and
- the names and contact details of two academic referees who have taught/supervised the applicant.

Closing date for applications is 9 October 2015

Enquiries:

Please contact Ms Louise Bezuidenhout at the Scientific Computing Research Unit for further information.
